Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Eather Evaland of Chester  
(Name of Appropriator) (Address) (Town)  
County of Liberty State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec 33 T 32N R 5E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based domestic use & for irrigation of shelter belt

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Between 1900 and 1910

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 2,000 per day when used

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof only for shelterbelt

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Gasoline centrifugal pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Never Unknown

8. The depth of water table 8 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 30 feet deep, 4 feet in diameter curbed with prairie rock

10. The estimated amount of groundwater withdrawn each year 120,000 gallons

11. The log of formations encountered in the drilling of each well if available Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record Not Available

Signature of Owner Eather Evaland

Date December 10, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

## Declaration of Vested Groundwater Rights JAN 6 1964

(Under Chapter 237, Montana Session Laws, 1961)

1. Ray Heinbigner (Name of Appropriator) Liberty (Address) Montana (Town)

County of Liberty State of Montana  
has appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

N.W. 1/4 Sec. 14, T. 32 N. R. 6 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. Domestic use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Continuously since 4-1-1962

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

yard & shelter belt around yard

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

submersible 1 1/2" casing 1 1/2" drop in pipe - 220' powered

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Oct. 1-1961 Completed 11-25-1961

8. The depth of water table. 175 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 400 feet deep with 7" casing and 1 1/2" drop in pipe

10. The estimated amount of groundwater withdrawn each year. 350,000 gallons

11. The log of formations encountered in the drilling of each well if available. NOT available at this time. Can contact Harold Heavens of Chester Montana for this information

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

OFFICE OF STATE ENGINEER

# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

RECEIVED  
NOV 22 1963  
STATE ENGINEER

1. Aileen Greiner, Clerk of Town of Chester, Chester  
(Name of Appropriator) (Address) (Town)  
County of Liberty State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 20 T. 32. R. 6

Indicate point of appropriation  
and place of use, if possible.  
Each small square represents 10  
acres.

2. The beneficial use on which the claim is based. Municipal use
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. January, 1930.  
Continuous use.
4. The amount of groundwater claimed (in miner's inches or gallons per minute). 1,000
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.  
None
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.  
Fairbanks Morse pump, 10 H.P. turbine pump  
170' 4" water column, 1 7/8 stage set of bores,  
27' 4" suction below bores.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Started and completed in January, 1930
8. The depth of water table. Do not know.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 34 feet 8 1/2 casing; 157 feet 6 5/8 casing,  
perforated from 112 to 130 ft., 4 slots; 71 feet perforated liner 5 3/16 in.  
bottom of hole.
10. The estimated amount of groundwater withdrawn each year. 9,000,000 gal.
11. The log of formations encountered in the drilling of each well if available. 0 to 42 yellow clay;  
42 to 55 black shale; 55 to 72 blue shale; 72 to 102 grey sandy shale; 102 to 105  
hard shell; 105 to 112 grey sand; 112 to 116 sand & gravel, water; 116 to 128 gravel  
& boulders, water; 128 to 134 grey shale; 134 to 159 blue shale; 159 to 162 hard  
sand shell, water; 162 to 169 blue shale;
12. Such other information as a similar system may be needed in carrying out the policy of this act including  
sand shell, water; 162 to 169 blue shale; 169 to 172 hard sand shell,

## Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

RICHARD E. HANSEN JR., of Box 155 Joplin  
(Name of Appropriator) (Address) (Town)

County of LIBERTY State of MONTANA  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

PT.  $N\frac{1}{2}-N\frac{1}{2}-NW\frac{1}{4}$ 

Sec. 1 T. 32 R. 7

Indicate point of appropriation  
and place of use, if possible.  
Each small square represents 10  
acres.

2. The beneficial use on which the claim is based HOUSEHOLD  
AND WATER FOR FARM USE SUCH AS SPRAYING

3. Date or approximate date of earliest beneficial use; and how continuous the use has been STARTED USING WATER  
SEPT. 20, 1953 HAS BEEN IN  
CONTINUOUS USE SINCE

4. The amount of groundwater claimed (in miner's inches or gallons per minute) UNABLE TO DETERMINE

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof HOME YARD IRRIGATION

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal DEEP WELL PUMP

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater STARTED DRILLING SEPT. 20, 1953  
COMPLETED - SEPT. 20, 1953 SEPT. 6

8. The depth of water table DON'T KNOW

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater DEEP WELL - 5 INCH CASING - 230 FEET DEEP  
DRILLED IN 1953 BY OTIS EDWARDS - CHESTER, MONTANA  
2 INCH PIPE & 2 INCH CYLINDER - PUMP JACK OPERATED BY ELECTRIC  
MOTOR

10. The estimated amount of groundwater withdrawn each year ABOUT 15,000 GAL.

11. The log of formations encountered in the drilling of each well if available NAT. AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record DON'T KNOW

Signature of Owner Richard E. Hansen Jr.Date 4-2-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

1. Elle Seidlitz of Chester, Montana  
(Name of Appropriator) (Address) (Town)  
County of Liberty State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec. 34 T. 32N R. 7E

Indicate point of appropriation  
and place of use, if possible.  
Each small square represents 10  
acres.

2. The beneficial use on which the claim is based.  
Stock Water Well
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1943. Used Continuous since that time
4. The amount of groundwater claimed (in miner's inches or gallons per minute). Approximately 10 Gallons per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.  
Used to irrigate small garden for personal use
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. 2 in. Pipe, 1/2 in. rods
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1943
8. The depth of water table. Approximately 100 feet -- Well is 160 Feet Deep
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well has 6 inch Galvanised Casing -- Pumped with Electric motor thru 2 inch pipe
10. The estimated amount of groundwater withdrawn each year. 300,000 Gallons Estimate
11. The log of formations encountered in the drilling of each well if available. None Available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Unknown
